

## Review Reminders: Critics

Once you've written your Review, RE-READ IT!

Double check for ...

1. Spelling (especially names of cast and characters)
2. Grammar and style
3. Show titles, which should be in QUOTES, since Italics don't translate to CIS.
4. Use block paragraphs (skip lines between each one – no indents)
5. Name formatting: Actor (Character)
6. Criticism, which must be:
  - i. Within the range of fair comment.
  - ii. Stated constructively, combined with praise, to the extent possible.
  - iii. Presented as observation, not as advice.
  - iv. Not longer than necessary to state a point.
  - v. Not directed toward any named student or character.
  - vi. Not directed toward any adult in the cast, or in any offstage role.
  - vii. Not directed toward any composer, playwright or lyricist.
